

OUTLINES.

United States marshals yesterday found John D. Rockefeller sitting on the piazza of the farmhouse of his son-in-law, near Pittsfield, Mass.; the oil magnate accepted service with a smile when subpoenaed to attend court in Chicago, July 6; he ridiculed the newspaper stories that he had been dodging the officers.—In the Steenberg murder trial at Boise, Idaho, yesterday, W. D. Haywood's lawyers made a vigorous attack on Harry Orchard's story and put up several witnesses who testified that the Pinkerton detectives were brutal in their methods and endeavored to prolong a strike in order to keep employed.—A New York court yesterday held that United States Senator Clark, of Montana, secured the sale by illegal methods of copper mining property at \$500,000 when it was worth millions; it is held that he must account to his former partner. There was a mistrial yesterday in the cotton leak case at Washington.—In Wilson county, N. C., Tuesday night Rufford Dew, colored, killed his wife, and brother Amos, after which he started to leave but decided to surrender himself.—Raisuli, the Moroccan bandit, has captured General McLean, a British subject, and will hold him for a ransom of \$200,000, and until several conditions are complied with, among other things that Raisuli be reappointed governor.—At Fayetteville, N. C., yesterday R. W. Bullard was bound over to the U. S. Court on a charge of peonage.—The Japanese whose restaurant was wrecked by a San Francisco mob has brought suit to recover damages from the city.—At Alexandria, (Va.) Court House yesterday, three and a half miles from Washington, a trolley passenger car collided with two flat cars loaded with steel rails, with the result that a motorman was fatally injured and 32 more people more or less seriously hurt.—New York markets: Money on call strong 6 to 7 per cent, ruling rate 6 1/2, closing bid 6, offered at 6 1/4; spot cotton steady at 13.50; flour firm but quiet; wheat steady, No. 2 red 101 1/8 elevator; corn firm, No. 2, 63 1/2 elevator; oats firm, mixed 49; turpentine steady; rosin steady, strained common to good 4.50 to 4.65.

"Some men have mighty poor judgment," remarks an editor. That's no joke. Some of 'em haven't got enough judgment to keep from getting into an argument with a woman with the idea that she'll ever acknowledge that he can make even one good point.

A Kansas newspaper, describing a skull recently found in that State, says "it had a very small brain pan, but a powerfully developed jaw." No doubt it was the craniological equipment of some of those politicians who have been making the Kansas people go wrong for many years.

A Pennsylvania man who was rescued from drowning gave 5 cents to the man who pulled him out of the Monongahela river. The rescued man put a low estimate on himself and if he had been drowned the world would have been short just one "cheap screw."

Evidently Governor Hoke Smith, of Georgia, is going to act rough. In his inaugural address in Atlanta the other day, he said: "Unless the Railroad Commission in Georgia does something more than write cards in defense of high freight rates, they will draw no salaries."

The election in the territory comprising the new county of Lee, with Sanford as the county seat, resulted on Tuesday in a majority of 1,000 in favor of the new county established under an act of the General Assembly at its 1907 session. Lee county now makes the list of counties in the State foot up 98.

The Washington Post: "It is claimed that in Jefferson county, Ohio, there is a wonderful spring of clear, running, and healing waters that have power to take away the appetite for strong drink." Most men will be grateful for this information. In the event that they accidentally get into Jefferson county they will be careful about what spring they will dip into to get their chaser.

Mr. Thomas J. Lassiter, formerly with the Smithfield Herald, but who has been with the Mutual Publishing Company of Raleigh several months, has returned to Smithfield, having purchased a half interest in the Smithfield Herald. Mr. J. M. Beatty owns the other half of that paper, which is not only one of the best, but one of the most attractive in the State. The Herald is an all-round model.

A GLORIOUS BUT ELECTROCUTED

Transportation Lines Preparing to Handle Large Crowds to The Various Resorts.

THREE BASEBALL GAMES

Merchandise Shoot by Wilmington Gun Club on Traps This Afternoon—Annual Regatta of Carolina Yacht Club.

While the arrangements for the celebration of the "glorious fourth" of July this year have not been so elaborate as usual, it is taken as a matter of course that the population of the city will be on the move as usual and transportation companies have made arrangements to handle very large crowds to the various resorts and other places of amusement for the occasion. Both at Carolina and Wrightsville Beaches there will be a general suspension of business and several events to attract the stay-at-homes.

At Wrightsville Beach the features will be special amusements at Lumina and the hotels and the annual regatta of the Carolina Yacht Club in which a large number of the fleet of this well known organization will participate. The natural attractions of the resort will, however, be largely depended upon and an extra effort will be made to give the public the very best car service. The usual half-hour schedule will be operated from Front and Princess streets from 6:30 A. M. to 11 P. M., making all regular stops on the line. In addition to this three cars will be operated "express," leaving the city two minutes ahead of the local car, making all regular stops from the Junction to 17th street, but running straight through from there to the Hotel Tarrymore on the beach, with stops then only at the Seashore Hotel, Carolina Yacht Club, Station No. 6 and Lumina. Returning "express" trains will leave Lumina two minutes ahead of the regular cars from 9:43 A. M. to 11:43 P. M., making the same stops as on the downward trip. An enclosure has been made at Lumina to prevent the possibility of accident in handling the large crowds, all passengers being required to vacate the cars, go on the outside of the enclosure and take equal chances with all in securing seats.

At Carolina Beach there will be the usual attractions and in addition to the natural advantages, a fine band, which will discourse sweet music for dancing and the other pleasures of the day, which will include bathing, bowling, trap shooting and the like. Constable Savage will be on the beach during the day and promises every ounce of his over 200 pounds avoirdupois to the maintenance of the very best order. The steamer Wilmington will be operated by Capt. Harper on a fine schedule, in connection with the steamer Madeleine, which will connect with the Wilmington at the pier for Southport and the special trip to sea, which has been arranged as one of the features. The Wilmington will leave the city at 8:30, 11:30 A. M., 2:30 and 7:30 P. M. The last boat will leave the beach at 11 P. M., reaching the city about midnight.

Trap Shooting Event. An event of much interest to members of the Wilmington Gun Club and worshippers at the shrine of trap shooting will be a merchandise shoot at the Delgado traps beginning this afternoon at 3 o'clock. There will be two events, the first of 50 birds each and the second, 25 birds each. Thirty-six prizes have been offered by Wilmington merchants and these will be awarded to the high averages in each event.

Baseball Games. There will be no better attraction in the city or at the beaches than the three games of baseball arranged for the day by the managers of the City League at Hilton Park this morning and afternoon. The Giants and Monarchs will meet at 10 A. M.; the Giants and Rattlers at 3 P. M., and the Rattlers against a City Team at 3 P. M.

The following are the donations made by the merchants for which the Gun Club desires to return its sincere thanks: J. H. Rehder & Co., \$2 straw hat; W. J. Penny & Co., one coat shirt; E. Boushee, one box cigars; J. C. Stevenson Co., one box cigars; Mercantile Bargain House, necktie; H. F. Haar, quart whiskey; J. W. H. Fuchs, six hole-proof socks valued at \$2; H. D. Oldenbittel, quart whiskey; Baggett Brothers, lunch basket; M. L. Starkey, quart whiskey; C. D. Foard, razor strap; J. T. Burke, China berry bowl; Behrends-Riley Furniture Co., costume valued at \$2; N. Jacob Hardware Co., 100 target shells; J. W. Capps, box cigars; S. & B. Solomon, shoe store, pair leggings; Ahrens Bros., one dozen toilet soap; G. D. Phares & Co., picture valued at \$2; Casse & Schuler, one bottle champagne valued at \$2; Sam Bear, Sr. & Son, box cigars; R. E. Blake, pocket knife valued at 75c; William Goodman, pair suspenders; J. N. Bennett, quart brandy; M. Rosenmann & Son, half dozen handkerchiefs; W. Munroe & Co., rug valued at \$2.50; Holmes Grocery Co., box Key West cigars; Gem Cigar Co., box cigars; W. E. Springer & Co., Springer Brothers razor; Gerken To

THE COUNTY SCHOOLS

Semi-Annual Meeting of New Hanover Board of Education Concluded Yesterday.

ANNUAL APPORTIONMENT

School Committees for Various Districts Are Named—Annual Reports Received, Read and Ordered on File—Educational.

The semi-annual meeting of the County Board of Education was concluded yesterday afternoon at 4 o'clock, after recess from Monday, the day duly appointed by law for this session. At the meeting members of the Board, who were recently re-appointed by the Legislature, qualified and Mr. Wm. H. Sprunt was re-elected chairman. Capt. Donald MacRae, the other member of the Board with Mr. George Rountree, was absent but will qualify and enter upon his duties upon his return to the city. The new Board entered upon the new fiscal year with the re-election of Prof. Washington Catlett as superintendent of schools and committees were named for the sixteen districts in the county. In the city Mr. Wm. E. Perdue was elected as a member of the committee for District No. 1, vice Dr. George G. Thomas and Mr. C. W. Worth was elected to fill the vacancy on the committee of District No. 2, vice Mr. James C. Stevenson, deceased. The full list of committees is as follows:

Wilmington, No. 1—J. Allen Taylor, Samuel Bear, W. E. Perdue. Wilmington, No. 2—Jas. H. Chadlaw, Jno. D. Bellamy, Jr., C. W. Worth. Myrtle Grove, No. 3—C. W. Bishop, Wm. Hollis, W. G. Ferguson. Masonboro, No. 4—Addison Hewlett, J. P. Herring, C. W. Melton. Wrightsville, No. 5—John H. Hanby, G. W. Westbrook, W. H. Stokely. Acorn Branch, No. 6—D. G. Westbrook, R. S. Murray, Geo. W. Johnson. East Wilmington, No. 7—Oscar Pearl, D. F. Klein, W. H. Mills. Oak Hill, No. 8—T. J. Burnett, Henry Taylor, H. B. Williams. Federal Point, No. 9—W. A. Almsworth, J. C. Lewis, G. B. Murrell. Castle Haynes, No. 10—Samuel Blossom, W. H. Shearin, W. B. Hand. Scotts Hill, No. 11—C. H. Alexander, James M. Jarrott, S. T. Batson. Rock Hill, No. 12—Geo. W. Trask, C. F. Seitter, J. Herbert Johnson. Middle Sound, No. 13—B. B. Humphrey, E. L. Ennett, Jas. L. Gorman. Greenville Sound, No. 14—Jas. P. Walton, J. T. Canady, Jas. A. Hewlett. Delgado, No. 15—J. A. Jordan, Orrin Johnson, W. A. Wood. South Wilmington, No. 16—Owen Martindale, Geo. R. Tatum, B. M. Wilson.

County Treasurer H. McL. Green reported \$14,175.52 for apportionment to the schools of the county for the six months ending July 1st. Of this amount \$1,907.58 was required to reimburse the treasury for amount overdrawn at the last term, leaving \$12,267.94 to be divided among the schools which was done as follows: Wilmington—District No. 1, \$4,693.67; District No. 2, \$4,880.83. Total, \$9,574.50. Cape Fear—District No. 10, \$210; No. 12, \$205; No. 6, \$172. Total, \$587. Federal Point—District No. 8, \$220; District No. 9, \$90. Total, \$310. Masonboro—District No. 4, \$190; No. 3, \$210; No. 16, \$135. Total, \$535. Harnett—District No. 7, \$205; No. 13, \$205; No. 11, \$205; No. 5, \$213; No. 14, \$200; No. 15, \$233.44. Total, \$1,261.44.

The election of Superintendent Catlett is for two years and he was given a very cordial vote of thanks for the excellent annual report he submitted at the close of the fiscal year. The report is very comprehensive and embraces a number of valuable suggestions prompted by experience and active service. The number of children of school age in the city and county is 7,603 from the census of last August, which is a gain of 22 from last year. The gain shown is entirely in the country as no census was taken in the city. There is a decrease of eight in white children and a gain of 30 negroes. The total enrollment in the city was 3,383 of which 2,202 were white and 1,181 colored. The average daily attendance of whites was 1,646; colored, 689. The total enrollment in the rural schools was 555 whites and 680 negroes; average daily attendance being 303 whites and 412 colored. In the rural schools there was a gain in enrollment of 64 whites and a decrease of 10 colored. There was an increase of 15 whites and 21 colored in the average daily attendance of rural schools. In the city the enrollment of whites increased 169 while the negroes decreased by 18.

The average daily attendance in the city increased by 125 whites and the negroes decreased 29. In the rural schools 77 per cent of the white children were enrolled with 75 per cent of the negroes. The city enrolled a little over 70 per cent white children and 42 per cent colored. The fines and

Funeral of Mr. Stees. Impressive Services Yesterday Afternoon From Red Men's Home. Impressive funeral services were conducted at 5:30 o'clock yesterday afternoon from the Red Men's Home in honor of the late William R. Stees, who passed away at Wrightsville Sound Tuesday morning. The services were by Rev. W. A. Snyder, pastor of St. Paul's Evangelical Lutheran Church, and the Red Men of the city were present in unusually large number from the three tribes to pay their respects to their deceased friend and brother. It was decided to have the interment in the I. O. R. M. lot in beautiful Oakdale cemetery in this city instead of sending the remains to his former home at Baltimore and at the grave the beautiful ceremony of the order of Red Men was observed by Messrs. James H. Cowan, W. L. Burkheimer and C. C. Redd. A sister, Mrs. M. L. Loyd, of York, Pa., and a brother residing in Baltimore thought best to have the remains interred here for the present at least.

The pallbearers were: Honorary, Messrs. W. VanHarden, W. L. Burkheimer, S. Mitchell and Joe Collins; active, Messrs. C. T. Smaw, William Hoefner, S. M. Emple, Geo. H. Howell, Julius P. Taylor and Jas H. Burriss.

DR. JAS. DINWIDDIE DEAD

Former President of Peace Institute and a Noted Educator—Live News Items From North Carolina's State Capital.

(Special Star Correspondence.)

Raleigh, N. C., July 3.—The people of Raleigh and the whole State receive with deepest regret the news of the death of Dr. James Dinwiddie, for sixteen years principal of Peace Institute, a leading North Carolina Presbyterian college for girls here. He died yesterday in San Francisco. He sold Peace Institute this Spring and had gone to San Francisco to spend a while with his son, William Dinwiddie. His daughter, Miss Janie, had started from here to be with him, but was stopped at Richmond by the sad news of his death. Dr. Dinwiddie was 73 years old, and had been in failing health for a year or more. The remains are expected here Sunday for interment in the family lot in Oakwood Cemetery.

The Corporation Commission made an order this morning in the matter of the new freight depot that the Commission directed the Southern Railway to erect at Reidsville some time ago. The order is to the effect that there must be no further delay in this matter and that the station must be ready for occupancy within 90 days, the design to be in conformity with the plans officially adopted.

Thomas C. Lanier, first Lieutenant of the Raleigh Light Infantry, Co. B, Third Infantry, died this morning at his home in this city. He served through the Spanish-American war and was an excellent officer. B. S. Royster, former Adjutant General, spent several hours here today on his way to Clinton, where he will deliver the address at Clinton tomorrow for a big Masonic celebration participated in by all the Masonic lodges of Sampson county.

JUSTICE BORNEMANN'S COURT.

Chinese Complication Settled—Dr. "Bill" Moore is Indicted.

In Justice Bornemann's Court yesterday Hop Lee and Der Chung, two natives of the Flowery Kingdom who run a laundry on Third street, between Market and Princess, were charged with assault on Mr. H. Mack Godwin and also with resisting Deputy Sheriff W. H. Cox when he tried to arrest one of them. They were represented by Herbert McManamy, who asked the justice to amend the charge to simple assault, and in consideration of the laundymen restoring Mr. Godwin's laundry, which they had refused to give him, and paying the costs which amounted to \$8, the case was dismissed.

Mr. W. L. Webb, a prosperous farmer living a few miles from town, came before the justice and submitted to an assault on Dave Jones, colored, and indicted Jones for an assault on him. By mutual consent the case was dismissed, they having settled their differences privately.

Dr. W. H. (Bill) Moore, a colored physician, who was at one time a member of the State Legislature, was charged by Malcolm S. Reynolds, of Delgado, with false pretense with intent to defraud. Reynolds claims that Moore agreed to cure a wen on the side of his neck for \$6.50 or no pay; that he gave him the money but was not benefited by the treatment and that Moore refused to return his money. The case is set for trial Friday morning at 10 o'clock.

forfeitures amounted to \$2,345.76 for the year, a decrease of \$269. The value of school property in the county was \$3,150 white and \$5,800 colored. In the city: White, \$85,000; colored, \$11,000. The grand total value of school property in the county is \$109,950. In the rural schools there are 13 white libraries of 1,541 volumes, an increase of 208 volumes; 11 colored libraries of 1,045 volumes. The superintendent closes his report with his kindly thanks to members of the Board and all who have in any way assisted him in the work.

Another interesting report in connection with the meeting was the annual statement of County Treasurer Green to the State Superintendent, showing receipts and disbursements for the fiscal year as follows:

Receipts—Balance on hand June 30, 1906, \$7,233.51; poll tax, \$5,164.50; general property tax, \$21,423.69; fines and forfeitures, \$2,345.76; liquor licenses, \$12,942.80; rents, \$30; tuition, \$99; corporation tax, \$25; State appropriation, \$1,065.96; library fund from State, \$15; library fund from county, \$55. Total, \$50,385.22. Expenditures—County Superintendent, \$720; teachers, \$31,137.73; janitors, \$1,243.25; desks, etc., \$203.60; supplies, fuel, labor, etc., \$4,181.79; library, \$127.50; insurance, etc., \$51.08; repairs, \$909.96; treasurer's commissions, \$784.29; mileage for county Board, etc., \$66; expenses, county Board, of education, \$45.13; census, \$31.08. Total, \$40,001.41.

The balance to the new year is \$10,383.81.

Death at Hospital. Mrs. Griff Jones, of White Oak, Bladen county, died Tuesday night at 9 o'clock at the James Walker Memorial Hospital, where she had been under treatment several days. She was 56 years old and the remains were taken to Clarkton yesterday and will be carried to White Oak for interment.

Rehder's closed all day July 4th.

RAILROAD RUMORS

Almost Accepted That First District Headquarters Will be Removed from Here.

NO OFFICIAL STATEMENT

Reports Yesterday Are Neither Denied Nor Confirmed by Atlantic Coast Line Officials—Object to Get on Main Lines.

It may be accepted as a fact that some very radical changes will be made on August 1st, affecting the First Division of the Atlantic Coast Line Railway System, the headquarters of which have been heretofore located in this city in connection with the general headquarters of the road. Yesterday there was a strong revival of a report current for some days that headquarters of the First Division would be removed to Florence, S. C., and that Mr. W. H. Newell, superintendent of transportation, will have his headquarters in Rocky Mount. The removal of First Division headquarters to Florence means that General Superintendent A. W. Anderson and his office force will go to the South Carolina city and that a number of other division departments will go with him. It is much to be regretted that by the change Wilmington will lose a number of its most popular citizens and clever railroad men. The First Division embraces all of the territory of the system between Richmond and Charleston and the object of the change is said to be on account of the desirability of having these offices on the main lines of the company.

General Manager Royall, of the company, was seen last night as he was preparing to leave the city for a day or two. He would neither deny or affirm the current reports, stating that all the changes had not yet been definitely determined upon and that in due time official announcement would be made of the changes. There is a well defined rumor, however, that the office of Mr. Anderson is to be moved and that with him will go several other departments; in fact, no concealment of the fact is made that the families of employees interested are already making their arrangements to go to Florence the first of the coming month. The division headquarters at Florence, it is said, will be taken care of in the plans for the handsome new depot, which the company is beginning to erect there.

ELKS MUSIC RECITAL.

Delightful Affair on Tapis for Monday Evening of Next Week.

All the arrangements are completed for the delightful musicale which the Wilmington Lodge of Elks will give on Monday evening of the coming week in compliment to their friends. The recital will begin at 8 o'clock. The Elks have engaged the services of some of the best soloists in the country under the direction of Mr. Wilbur Schubert Schumacher, the list including Herr Theo. Saul, pianist, Mr. Jabine Watson, violinist, and Mr. Schumacher, violinist.

Mr. Schumacher is a violinist of national reputation and the Elks are congratulating themselves on obtaining the services of a musician of his ability, which will insure them an entertainment of the highest class. No tickets are for sale, all admission being by invitation.

The program is a work of art and all the numbers being musical gems, will be enjoyed by those invited. It is regretted by the committee of arrangements that the hall is not large enough to comfortably seat all those whom they would like to invite.

A PRETTY MARRIAGE. Miss Otys Pearl Brewer Bride of Mr. W. Julian Matthews.

A marriage of unusual interest that came as quite a surprise to a large number of friends here and elsewhere was that of Miss Otys Pearl Brewer, of this city, and Mr. W. Julian Matthews, of Savannah, Ga. The ceremony was solemnized at 5 o'clock yesterday afternoon in the pastor's study at St. Andrew's Presbyterian Church, the Rev. A. D. McClure, D. D., officiating. Only a few intimate friends of the young couple were present to witness the ceremony, which was impressively spoken, the ring service being used. The bride is a daughter of Mrs. Sarah Brewer, of this city, and is an unusually attractive young woman, who numbers her friends and admirers by the score. The groom is a valued employee of the Atlantic Coast Line in the division offices in Savannah, Ga. Mr. and Mrs. Matthews left on the 7 o'clock northbound A. C. L. train for a bridal trip to Washington, Baltimore and the Jamestown Exposition, where they will spend some time and later be at home to friends in Savannah.

Another Excursion Coming. A Raleigh correspondent writes: "The Tabernacle Baptist Sunday school of this city will go on an excursion July 11 to Wilmington via the Raleigh & Southport and the Atlantic Coast Line. The school now has 1,627 scholars, having grown to that enrollment since April when there were 1,313."

GREATER RALEIGH.

North Carolinians, as the political spiliers would say, from where the majestic Atlantic frets itself against the eastern shore to where Pisgah kisses the sky in the west, will be extremely gratified at the earnest movement now on at the capital for a "Greater Raleigh." The people of the Capital City appear to be united and their unanimity of purpose to pull together for the city's up-building is inspiring. It is attracting attention all over the State and is bound to draw the attention of outsiders to the many advantages of North Carolina's capital city.

Few localities possess the splendid climate, superior agricultural surroundings, and natural advantages of Raleigh.

Among those advantages are the waterpowers on the Neuse and upper Cape Fear rivers, capable of supplying the city with electric power for manufacturing and lighting purposes. A power plant six miles from the city, on the Neuse river, is now transmitting electricity to the amount of 800 horse-power for the purpose of lighting the city and furnishing power for the city trolley system. Now comes the statement that there is a "prospect" that electric power will be transmitted to Raleigh from Buckhorn Falls, on the Cape Fear, where an extensive power plant is nearing completion. The Buckhorn plant is only 32 miles from Raleigh, and it is stated that already there is a development of 8,000 horsepower there. It is out of place, however, to say "prospect," for the transmission of electric power to Raleigh is a foregone conclusion, considering the fact that the Buckhorn plant is owned by the same company which owns the Raleigh Street Railway and the Norfolk & Southern Railroad. As a matter of business the Buckhorn power will reach out for Raleigh as one of its most advantageous points and it means, therefore, that no city will offer more superior facilities for diversified manufacturing.

Raleigh is already growing and the "Greater Raleigh" movement will make it grow more. One of the signs that Raleigh's growth is substantial is that the postoffice receipts for the year ended June 30th were \$74,563, an increase of \$6,762 over the past year. From 1885 to 1895, a ten-year period, the total increase was only \$4,000, so that the increase is now much greater in one year than it used to be in a decade. The postoffice growth has been such that Postmaster Briggs is authorized to employ two more clerks. This is the largest allowance ever made to the Raleigh office in one year.

FRANCE OBJECTS TO EMIGRATION.

The United States have a law prohibiting skilled labor to be brought to this country under contract. France has a law prohibiting the carrying away of her skilled labor. One law is the curious opposite of the other. A cablegram from Lille, France, under date of July 1st, says that investigation made by the courts there into the clandestine emigration agencies which have been shipping weavers from the neighboring town of Roubaix to Paterson, N. J., and Lawrence, Mass., thus enabling factories of those cities to compete with the products of Roubaix and other French towns producing similar manufactures, has revealed an elaborate system of recruiting skilled emigrants, destined for the American weavers, in violation of both the French and American laws. Proceedings have been commenced against six agents at Roubaix and one at Tournai. The defendants assert that they are not guilty of engaging in any emigration scheme in violation of the laws, claiming that they have merely been acting as agents for a steamship company, receiving \$5 for each passage sold.

Dispatches from Boston, Lawrence and Paterson declare that no such skilled Frenchmen have turned up there. Probably we are getting them in the South.

SPEAKING FOR NORTH CAROLINA.

In the Washington Post's column "People Met in Hotel Lobbies," in Tuesday's paper, we find the following:

"North Carolina has made greater progress in the last decade than any

State in the South," said Henry F. Patterson, of that State, at the Metropolitan last night. "Ten years ago we had only one city in the State with a population of 20,000, while today there are nearly a dozen cities in the State that have populations of from 20,000 to 35,000. Fifty new cotton mills have been built and new lines of railroad are being constructed from the mountains to the Atlantic coast. As a result of all this prosperity, the people are too busy to talk politics, and there are very few, even among the Democrats, who desire a change in the national administration. While I have always voted the Democratic ticket, I am convinced that, should President Roosevelt accept a third nomination, he would carry North Carolina by a safe majority. Thousands of Democrats would vote for him in preference to Mr. Bryan or any other candidate that the Democrats might nominate. Secretary Taft is very popular in the Tar Heel State, but he would never be able to carry the State."

Mr. Patterson has part of his story down right, but politically speaking he is badly off. North Carolina is not ready to vote for any Republican against a Democratic nominee. At any rate we see no evidence of it.

CURBING WEALTH.

The Charlotte Evening Chronicle makes this note:

"The Chicago Tribune claims to have information that within the last six months the market value of securities dealt in on the New York Stock Exchange has shrunk substantially \$2,000,000,000. With this enormous depreciation there is blueiness in Wall street and shrinkage in the fortunes of the rich throughout the country. New York has suffered acutely from the loss in value and multi-millionaires on paper have been reduced to modest fortunes of \$300,000 and \$400,000. The Northwestern Railroad stock is said to have dropped off \$67,230,000. The interesting part of this item is that the loss is ascribed to legislation against railroads in the different States."

If the figures of the Chicago Tribune are correct, they ought to tickle President Roosevelt. In his speeches he declared that something should be done to curb fortunes, and it seems that something has been done to do it. High Price Shaw wanted things to go higher and therefore was on in flatonist. Roosevelt wants to curb wealth and it seems that the administration has had two sides to it.

CURRENT COMMENT.

The now stirring up one of our mountain counties with "divine healing," "the gift of tongues," and their ability to throw girls into all-night trances are more than likely to leave behind them a goodly number of patients for the State Hospital at Morganton.—Charlotte Observer.

From Missouri comes the story of the trade in American goods abroad, its victims, mothered a family of mice. It must keep Mr. Loeb busy preventing just such stories as this from coming to the attention of the President, who is making strenuous efforts to get a little rest.—Washington Post.

A long step toward the increase of the trade in American goods abroad without a subsidy be it observed, has been taken in the arrangement of a mutual diminution of duties on imports and exports between the United States and Germany, which was announced as accepted on both sides by the President last Saturday. Reciprocity is tariff revision as far as it goes and may mean for more "protection to American industries" than a prohibitive tariff can give.—Brooklyn Citizen.

The suggestion that the Legislature be called in extra session to make a passenger rate of 2 1/2 cents is not worthy of serious consideration. The showing made at Asheville justified a two cent rate. North Carolina will fight it out on the line of the act of the General Assembly if it takes all summer and every dollar. The railroads want 2 1/2 cent rate. The people will never consent to let Federal Judges dictate legislation. * * Judge Shepherd's argument that any individual could sue for the penalty, if Judge Pritchard granted the injunction was sound and unanswerable. If five thousand people sue for the \$500 penalty, they will bring the Southern Railway to their knees in sixty days.—Raleigh News and Observer.

TWINKLINGS.

—All Kinds.—"Has Roscius Smith a good role in that play?" "Good, but rather exacting. 'In what way?'" "He plays a dual role and fights three."—Baltimore American.

—Ted.—What kind of an auto has he? Ned—Twenty horsepower going out and one horsepower coming back.—Life.

—Farmer.—Can I get a room and sleep here? Clerk—I'll give you a bed and you can try.—Philadelphia Telegraph.

—Teacher.—How long had Washington been dead when Roosevelt was inaugurated? Scholar—I dunno, but it hasn't been very dead since Teddy has been there.—June Lippincott's.

—Miss Thirtyodd.—Softleigh had the audacity to propose to me last evening. Miss Twentyseven.—Indeed! And when is the wedding to take place?—Illustrated Bits.

5c. EVERYWHERE

—Gastonia, July 2: Frank M. Webb, an employee of the Lorey Mills, committed suicide last night by taking poison. No motive is assigned for the act except that Webb had been on a protracted spree. Webb went home last night about 7 o'clock, and went to bed in a room occupied also by another man, and no suspicion of anything wrong were entertained by his room mate. This morning, however, Webb's companion, on awakening, found Webb dead, and by his bedside two empty bottles, one of which had held an ounce of carbolic acid and the other one a half ounce of laudanum. The dead man leaves a wife and family of eight children.

"MUNGO" PARK.

The Worse Than Shoddy Fabric That Gave Him His Name.

The old lady listened complacently to the compliments on her new gown.

"Well, at any rate," she said as she smoothed the lustrous folds, "it isn't made of mungo."

"Mungo? What is mungo?" asked her niece.

"Have you never heard of Mungo Park?" said the old lady.

"Yes, I think I have. I don't know what I've heard, though."

"Well, I'll tell you. Mungo Park was an Englishman, and he lived at the time when shoddy was invented. He invented a stuff that was far worse than shoddy—a stuff beside which shoddy was fine, new wool—and I'll tell you why this stuff was called mungo."

"Park, after making up a batch of it out of shoddy dust and grease, gave it anxiously to his carder to card."

"The carder tried it. Then he sent for the boss."

"This new stock of yours won't go. Mr. Park," he said.

"Mun go," said the other in his Yorkshire dialect. "It mun go, man."

"And go it did, and thus Park got his name, and thus that abominable stock that he invented came to get the name of mungo."—New Orleans Times-Democrat.

OUR GLOBE'S CAPACITY.

The Time When the Earth Will Be Fully Peopled.

Professor Ravenstein of the Royal Geographical society estimates that the fertile lands of the globe amount to 28,000,000 square miles, the steppes to 14,000,000 and the deserts to 1,000,000.

Fixing 207 persons to the square mile for fertile lands, ten for steppes and one for deserts as the greatest population that the earth could properly nourish, the professor arrives at the conclusion that when the number of inhabitants reaches about 8,000,000,000 the earth will be peopled to its full capacity. At present it contains somewhat more than one-quarter of that number.

If the rate of increase shown by the latest census statistics should be uniformly maintained, Professor Ravenstein shows that the globe would be fully peopled about the year 2072.—New York Tribune.

Nails.

America has the honor of having made the first cut nails, toward the close of the eighteenth century. Before that nails were made by hand, and their manufacture was a household industry. Cut nails are made by machinery from plates rolled to the proper width and thickness. They may be made of steel or of malleable iron. Wire nails, though originally a French invention, were brought to perfection in the United States.

Sweet Potato Pie.

Take several sweet potatoes, and when they have boiled themselves tender peel and slice them. Line the bottom and sides of a deep dish with crust—the dish must be fully three inches in depth—and upon this arrange a layer of the potatoes, buttering them liberally, sugaring them freely and sprinkling them with nutmeg. Add next a layer of very thin slices of dough, sprinkle with hot water, then follow with another layer of sliced potatoes and repeat until the pan is full. The top crust follows, and the pie must then be baked for an hour or more.—Miles Bradford in Bohemian Magazine.

Euphemisms For Death.

"Decease" is now a regular form of word for death. But it began as a gentle euphemism, "decessus" (departure) seeming much less harsh to the Romans than "mors." All languages abound in euphemisms of the kind, which go back to a superstitious reluctance to mention death plainly that gradually passed into a kindly desire to soften the idea. "Passed away," "departed," "gone," "expire" (breathe out), "no more," "demise" and even "the late" are expressions of this nature. Most striking of all is the Roman euphemism for "he is dead," "vixit" (he has lived).

Practical Training.

"Deduction is the thing," declared the law student. "For instance, yonder in our yard is a pile of ashes. That is evidence that we have had fires this winter."

"And, by the way, John," broke in his father, "you might go out and sift that evidence."—Louisville Courier-Journal.

Long Live The King.

is the popular cry throughout European countries; while in America, the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass., says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the only sure cure. Guaranteed by R. R. Bellamy, Druggist. 50c and \$1.00. RULES GOVERNING THE CONTEST. READ THEM CAREFULLY:

A.—All subscriptions must be received at the regular published rate. No discounts or commissions whatever will be allowed.

B.—No subscriptions will be received for a less time than three months.

C.—Every subscription sent in under this offer must be a bona-fide new subscription to The Morning Star. No others will be received, and a careful investigation will be made to determine whether or not the name sent in is a new subscriber.

D.—Cash must accompany all orders.

E.—All that is necessary to win any of the trips enumerated above is that the subscriptions sent in shall aggregate the amounts named. Orders need not be for yearly subscriptions only. In securing subscriptions the following ratio may be observed: Two six-months' subscriptions are equivalent to one yearly subscription; four three months' subscriptions are equivalent to one yearly subscription.

F.—The names of new subscribers, and the amounts collected, should be sent in as soon as obtained. Receipts will be forwarded to the subscribers at once, and the amount placed to the credit of the contestant.

G.—This exceptional offer will remain open to all until September 1, 1907. If you get to work at once there is time a plenty for you to secure one of the best trips. You may visit the Exposition any time you please.

UPPER CAPE FEAR WORK.

Sites for Locks and Dams Inspected By Official Party.

Capt. Earl I. Brown, United States Army Engineer in charge of the Wilmington District; Hon. H. L. Godwin, Congressman from this district; Maj. E. J. Hale, North Carolina, Vice President of the National Rivers and Harbors Congress, and Representative J. C. Clifford, of Harnett county, arrived in the city yesterday morning at 11 o'clock on the government steamer General H. G. Wright, which was placed at the disposal of the party by Capt. Brown for an inspection of the sites for the locks and dams in connection with the project for the upper Cape Fear river improvement, the object of which is to ultimately secure an eight-foot depth of water from Wilmington to Fayetteville.

The steamer was boarded by the party at Fayetteville Monday and the trip down to Wilmington was taken leisurely in order to give the gentlemen named an opportunity of fully inspecting the work. All expressed themselves as well pleased with the trip and enthusiastic over the project. They were guests at The Orton last night and those from a distance will return to their homes today.

AN UP-TO-NOW DEVICE

Display Fixtures at The Little Store of Platt & Haar.

Ease of shopping is cardinal principle at The Little Store of Messrs. Platt & Haar, on Front street. Carrying out this idea they have just had installed in their Ladies' Ready-to-Wear Department on the second floor of the store one of the latest cabinet for the display of skirts and other garments. In a moment by a simple contrivance the whole stock is brought plainly to view and to the inspection of the customer and any garment may be removed in an instant for sale or try-on. Whereas 15 or 20 minutes is usually required to show a stock of this kind, it can be done at the Little Store almost in a twinkling, making it quite agreeable not only for the shopper but for the employe of the store, the interests of both of whom are always looked after by the firm. There are many new ideas at the Little Store; the cabinet just installed is one of the latest.

Trolley Wires Awry.

Suburban and street car traffic at the junction last night about 10 o'clock was demoralized by the burning in two of overhead trolley wires. There was some irregularity in the wires, and as they dropped to the ground with a splutter and blue flame hundreds of people on the streets at that hour of the night huddled themselves along the sidewalks and watched the linemen at work getting things in order.

TO MAKE EXPOSITION SUCCESS.

Secretary Cortelyou Confers With Board of Governors.

(By Wire to The Morning Star.)
Norfolk, Va., July 3.—At a conference between Secretary of the Treasury, George B. Cortelyou, J. H. Edwards, Assistant Secretary of the Treasury, and the board of governors of the Jamestown Exposition, Mr. Cortelyou agreed that if a director general is appointed who can give his close attention to the operation of the Exposition it should prove a good thing for the final success of the enterprise. President Tucker, every member of the board of governors, the general counsel, the secretary and treasurer of the Exposition were present.

It was stated by Mr. Tucker that Secretary Cortelyou had requested this conference as he wanted to meet the governors and discuss with them the Exposition and how he could aid them. He expressed a deep interest in the success of the Exposition and a desire to aid the management in any way possible. He was especially encouraging in his assurances that the Exposition would ultimately be a success. It was explained to him that all of the governors were in favor of such a modification of the organization as would provide for a director general with similar powers to those which have been vested in director generals of other expositions, retaining, however, the board of governors.

The governors express a desire to vest in the director general the right to supervise the expenditures in the divisions represented by the governors, respectively, and outline and direct their policies even to the extent of employing or removing any of the employes.

It was here that Secretary Cortelyou agreed that such a policy would prove a good thing for the Exposition. He expressed himself as being greatly pleased at the patriotic attitude of all the governors and stated that it would be his pleasure to assist the management in any way in his power to make this Exposition, which he considered, has the elements of great success, a celebration worthy of the State and Nation.

A resolution condemning the cotton reports issued by the government was yesterday passed by the Augusta (Ga.) Cotton Exchange. A copy will be forwarded to Washington and to the various cotton exchanges of the South. The resolution declares that information received by the government has been withheld from the public, and that all of the facts should be given out as soon as they are received to prevent panics in the cotton market.

RIOT AT EXPOSITION.

South Carolina and Kentucky Soldiers Cause Serious Disturbance.

(By Wire to The Morning Star.)

Norfolk, Va., July 3.—Five hundred soldiers, members of the Second South Carolina, and the First Kentucky regiments in camp at the Jamestown Exposition grounds tonight became riotous, threw off all discipline, ran over concessionaries, taking charge of shows, and when the Powhatan Guards intervened a riot followed, several being injured.

Joseph Brasher, Company G, Kentucky regiment, probable fracture of skull, from blow with black jack; Guard Press, Powhatan Guards, elbow cut, fingers of right hand dislocated and face beaten up; Captain Carpenter, of Powhatan Guards, struck in the breast with stone. Adjutant Garwood, Guard Kennedy and several others suffering from slight wounds.

Earlier in the night the soldiers, who were drinking, showed signs of being disorderly and were repeatedly cautioned by the guards. Later, when their number had increased to about three hundred they threw aside all constraint and proceeded to do the War Path, paying no attention to doorkeepers, refusing to pay admission fees, refusing to leave the buildings when ordered out and acting disorderly. The Temple of Mirth, Beauty Show and Streets of Cairo, were the principal sufferers. At the latter place about 15 Powhatan Guards attempted to restore order and then trouble followed. The Guards were forced to use their sabres to beat the men back. Captain Carpenter and Adjutant Garwood were soon on the scene and succeeded in ejecting the men from the streets of Cairo.

But the soldiers soon returned. Their number had been increased to five hundred. They again attempted to take charge of the shows, refusing to be disciplined. By order of Capt. Carpenter, C. C. Hastings, of Company H, Kentucky, and J. T. Tompkins, of Company D, South Carolina, were placed under arrest as the ring leaders of the rioting.

The action caused a demonstration, and with drawn sabres the Guards were forced to fight their way through the massed soldiers to the guard camp. This they succeeded in doing, keeping their prisoners, despite efforts on the part of the soldiers to rescue them. Behind the wire fence of the camp the Guards made a stand and received the crowd.

The soldiers began to hurl rocks into the enclosure. Captain Carpenter and Adjutant Garwood were struck. Guard Press, who saw the man who threw the rock that hit Carpenter, leaped from the enclosure and put him under arrest. He was rushed by the infuriated friends, Press was beaten down and his prisoner rescued, but not before he had been black-jacked by the Guard. Brasher was placed in a rolling chair and sent to the Exposition Hospital. He was later arrested by the Powhatan Guards, but could not be removed owing to his condition.

The Guards were later re-inforced by detachments of soldiers from the camp and order restored.

HEAVY WEIGHT CHAMPIONSHIP

Tommy Burns to Fight Big Australian This Afternoon.

(By Wire to The Morning Star.)

San Francisco, July 3.—Everything tonight is in readiness for the 45 round glove contest for the heavy weight championship of the world between Bill Squires, of Australia, and Tommy Burns, of America, which will take place at 2 o'clock tomorrow afternoon at Colma, a suburb. The open air arena, seating 10,000 persons, is completed and Manager Coffroth tonight declared that there would be few if any vacant seats. The fighters are both pronounced by their trainers to be in perfect condition and each asserts himself confident of winning the fight.

The fight means much to Squires, for it will be his first appearance in the prize ring outside of his native land and on his success or failure depends his pugilistic future. He says that he does not expect the fight to go over ten rounds; that he is as fit as a fiddle and that if defeated he will have no excuse to offer. He has been here long enough to get acclimated, but warm weather now prevailing suits him better than would a chilly day. He proposes not to waste a second of time after entering the ring and will make things lively for his opponent from the start.

Burns has been much benefited by the course of training in the open air he has just completed, and is prepared to make the best possible showing against his sturdy antagonist, who he admits is somewhat of a doubtful problem to solve. Believing that his science surpasses that of Squires, it is thought that Burns will not attempt rushing tactics, but will try to wear down his opponent until a chance is open for a knockout blow. The betting is in favor of Squires, the odds offered being seven to ten. Little Burns money has been put up so far.

DISASTER IN CALIFORNIA.

Million Dollars Damage Done by Breaking of Levee.

Bakersfield, Cal., July 3.—The Buena Vista Lake levee has broken, flooding 30,000 acres of land belonging to Miller & Lux and the Lewis Land Company, and causing \$1,000,000 damage. The Sunset Railway has been put out of commission and the oil fields are cut off from communication with this city.

The levee held back the waters of Buena Vista Lake, covering 19 square miles and protecting a body of reclaimed land extending fifteen miles including the old bed of Kern Lake. This land was covered with growing grain. It will be days before the water recedes so the Sunset Way can be passed and traffic resumed. This means a cessation of shipment of oil from the Sunset region.

On the land flooded, about 22,000 acres belong to the Kern County Land Company and 8,000 to Miller & Lux. The levee was built 1867-7 jointly by the two corporations at a cost of \$250,000 and last year it was strengthened at great expense.

ROBBED BANK OF \$96,317.

Bold Act of Teller of New York Trust Company.

(By Wire to The Morning Star.)

New York, July 3.—A reward of \$2,500 was offered by a security company today for the capture of Chester B. Runyan, paying teller of the Windsor Trust Company, who it is charged, on Saturday walked out of the Trust Company's office with \$96,317 of the bank's money stuffed away in his dress suit case. The theft was detected Monday. It had been executed with a boldness as startling as the deed itself was surprising to those who had known and trusted the young man.

Runyan had announced his intention of spending last Sunday with his mother at Rochester, and no surprise was expected when he brought his dress suit case to the bank Saturday. Though the paying teller's cage is in plain sight from the working positions of other employees, the paying teller's vault was literally emptied during the forenoon. At 12:30 o'clock Runyan locked the vault doors, and leaving the dress suit case filled with money in the cage, went out to lunch. In forty-five minutes, he returned bade his associates good-bye and picking up the dress suit case left the office. No trace of his subsequent movements has been discovered.

Runyan's wife is prostrated at their modest four room apartment uptown. She, too, had understood that her husband was spending Sunday at Rochester. Runyan, who is thirty-one years old, lived frugally, never gambled, it is said, had no interests outside his office and home, and was considered a most matter of fact, level headed person.

Mrs. Runyan's brother, John Carney, a bookkeeper, who lived with the couple, declared that his sister had been left penniless. His brother-in-law, he said, earned \$1,800 a year and the family lived simply.

Runyan was born in Rochester where he worked for a time in a drug store. Later he got a place with the Traders' Bank where he was bookkeeper for five years. He came to New York about nine years ago.

PANAMA PRESIDENT HERE.

Says Work on Canal is Progressing Nicely—Panama Booming.

(By Wire to The Morning Star.)

New York, July 3.—President Manuel Amador, of the Republic of Panama, accompanied by Mrs. Amador, and his private secretary, arrived here today.

The President is on a six months vacation voted him by the legislative assembly of Panama, and before his return home he will visit England, Germany, Spain and possibly Italy. He will sail for Europe on July 11, returning here in October, when he will go to Washington for a brief stay. During his leave of absence, Dr. Amador is officially the titular president of Panama, while the duties of the chief executive devolve upon the provisional president, General Obaldia, Panamanian minister to the United States.

President Amador today talked enthusiastically of Panama and its prospects and the marvelous work being done on the Isthmus by American engineers.

"Our country is booming," he said, "and we expect that in a few years, in proportion to her size, of course, she will take rank with the most advanced countries. All business enterprises are doing well. Rents have gone up because of the demand for building accommodations, and as a result, we are having a building boom. In taking part, the government is taking part. We are now erecting a large government building, which will contain a national theatre and which will cost \$1,000,000. In addition, we are erecting schools in all the towns. The work on the Panama canal is progressing nicely, and from present indications will be finished ahead of time."

Of matters political in Central America, Dr. Amador takes an optimistic view.

"I do not think the trouble between Mexico and Guatemala is of an international character," he said, "and Mexico has no intention of seizing any other states."

STORM OFF CAROLINA COAST.

Two Ships Came Very Nearly Foundering June 29th.

Norfolk, July 3.—The coasting schooner Scotia, Captain Gilbert of Isleworth, Maine, and Mary W. Haynes, of Ellsworth, Maine, arrived in Hampton Roads last night after having suffered severely in a terrific storm off the North Carolina coast, June 29. The Scotia sailed from New York for Charleston, S. C., night of June 16th, and fought continuous southerly gales until she was struck by a hurricane off Cape Hatteras on Saturday. Light, though, she was, the Scotia lifted twice in swift succession between her rails, her galley and fore-castle flooding. Then the wind began stripping canvas from her and she parted with jib, forestay sail, flying jib and seven-teen lanyards. A storm tri-sail, was run up to keep her masts from being rolled out of her and she was blown to Bodies Island. The Scotia put back into Hampton Roads where she lies awaiting new sails.

The Harry W. Haynes appears to have suffered more than the Scotia. She sailed from New York, June 15, for Jacksonville, with a cargo of cement, about 500 tons. Her main star-board rigging is gone and she was so pounded by the heavy seas that she began to leak sharply. The Haynes had a terrific pounding and loaded as she was; it was declared by those aboard today that her escape was marvelous. The Haynes was off Cape Lookout, N. C., when the storm hit her.

A run was made on the Exchange Bank, at Macon, Ga., yesterday, resulting in the withdrawal of a total of \$75,000, which was more than offset by deposits of \$65,000 made by friendly depositors and the loan of \$100,000 by other banks of the city to meet the emergency. The run developed from vague reports prevailing for several days, and it had been anticipated and prepared for. Every depositor who asked for his money was paid and the run was soon checked.

Evolution in Lighting.

The candle and lamp, the gaslight, the electric light—these are the steps which mark the development of the lamp. And how marvelous a growth it is! How great the triumph over darkness! In the beginning a piece of wood burns with a dull flame and fills the dingy wigwam or cave with soot and smoke. Now at the pressure of a button the house is filled with a light that rivals the light of day, with not a particle of smoke or soot or harmful gas. Are there to be further triumphs in the art of lighting? Are we to have a light that shall drive out the electric light? Time only can tell.—St. Nicholas.

Absit Omen!

Absit omen! "May the omen be away." Suppose a Roman sneezed, a premonition of sudden death. Promptly he murmured absit omen, a prayer that the omen might pass away from him. It was a simple prophylactic measure of much the same value as the crossed fingers or the rap of the knuckles on wood in our present day avoidance of the ever menacing hoodoo, most salutary practices which it would be a pity to forget.—New York Sun.

An Artificial World.

The mingled feelings of admiration and skepticism with which we gazed upon the stuffed animals in the toy shops of our youth we still experience in the society of many of the human animals we meet later in life. The more we admire the more do we mistrust, while there is nothing of which we are more convinced than that everything is unreal, from the complexion of our friends to the genius of a great writer.—London Ladies' Field.

PEONAGE AT FAYETTEVILLE.

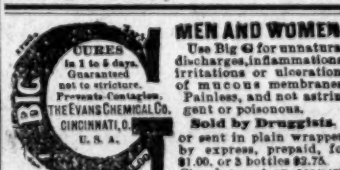

Cumberland County Farmer Bound Over to Federal Court.

(By Wire to The Morning Star.)

Fayetteville, N. C., July 3.—R. W. Bullard, a well to do farmer, was arraigned here today before United States Commissioner Sutton, charged with peonage in the case of a negro named Williams. A. J. Hoyt, Assistant Attorney General of the United States, appeared for the government. Bullard was bound over to the Federal Court in \$500. Williams failed to furnish \$500 bond to appear as a witness and was sent to jail. Bullard gave the required bond.

Secretary Taft left Washington yesterday for a month's vacation at Murray Bay, Canada. The Secretary was unaccompanied.

SPIRITS TURPENTINE

A new furniture factory has just started up in Reidsville and Mr. D. R. Ellington, a retired merchant is to erect another.

The Catawba Cotton Mill, at Newton, will shortly add 3,360 spindles to its present equipment of 2,800 spindles. The new machinery will be installed by the first of the year.

William Jennings Bryan and William F. Cody's (Buffalo Bill's) Wild West show will be the star attraction at the next State fair in Raleigh which is to occupy a week in October.

Greensboro, July 3.—Mayor Brandt this afternoon issued an order to the chief of police not to make any more arrests of drug store owners or others who sell soft drinks on Sunday. This is virtually a refusal to recognize the manifesto issued by ex-Mayor Murphy while in office forbidding the sale of soft drinks and cigars during certain hours.

Newbern, July 3.—A dastardly attempt has been discovered two or three times recently to blow up the Roper Company Sawmill here. A cut bolt was found in the cylinder of the engine in such a way as to preclude any other opinion than that it was placed there for mischief. The other night a large amount of belting, a load for six men, was stolen from the plant. The company has been the victim of many depredations lately.

At Raleigh on Tuesday the Secretary of State issued a charter to the St. Paul's Cotton Mill Company, at the place of that name in Robeson county. It will spin and weave. The capital stock is \$100,000, Locke Shaw and others being stockholders. A charter was also issued to the Tobacco Redrying and Storage Company, of Wilson, to deal in leaf tobacco, the capital stock being \$50,000 with W. T. Clarke and others stockholders.

Newbern, July 2.—A very fierce thunderstorm occurred two miles from here today. Four men who were working in a field sought shelter from the storm in a house. Lightning struck the house and killed one of the number, James Averett, and severely wounded his son. LeRoy Dix-shock and were unconscious for more than an hour. Their horse was killed. The house was burned. Telephone and telegraph wires have been wrecked.

Kingston, July 2: News was received in the city yesterday that Kate Murphy, colored, had committed suicide or been murdered at Hines Bros. railroad camp, nine miles from Kingston. A coroner's jury was summoned, heard the evidence and found that Kate Murphy had drunk an ounce of extract of golden seal, an ounce or so of spirits of turpentine, and while under the influence of these had taken a revolver, placed it at her ear and sent a bullet into her head, causing immediate death. The act was committed Sunday morning about three o'clock.

Monroe, July 2: The property of the colossal Gold Mining Company near Waxhaw was sold at auction at the courthouse yesterday under foreclosure proceedings brought by Mr. J. C. Bates, the mortgagee. The mine and its equipment, with the exception of some machinery placed there since May 1st last, brought \$241,000. The Colossus Company was incorporated about two years ago and its capitalization, \$10,500,000, was larger than that of any other State corporation. It is said that the company will now be reorganized and capitalized at a reasonable amount.

Charlotte Observer, July 3: Heart failure occasioned by excessive fright is believed to have been the cause of the death of Mr. and Mrs. J. H. Merritt's little 8 year old son, at the home of his parents, near Pineville, Monday afternoon. The little fellow with several companions, was playing out in the barn yard. One of the cows, a rather vicious brute, doubtless enraged by the children's actions, started towards them, shaking her head and acting as if mad. All ran and scrambled underneath the fence. The little Merritt boy was behind the rest and was the last to escape. He rolled under the fence, but did not get up. The other children, knowing that something was wrong, gave the alarm. A physician was summoned, but the little fellow was dead. There were no bruises on his body and it is believed that he died of fright.

A Wonderful Happening.
Port Byron, N. Y., has witnessed one of the most remarkable cases of healing ever recorded. Amos F. King, of that place says: "Bucklen's Arnica Salve cured a sore on my leg with which I had suffered over 80 years. I am now eighty five." Guaranteed to cure all sores, by R. R. Bellamy, Druggist, 25c.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It always itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, July 3.—The cotton

market had an active early session, but

trading was comparatively quiet the

first two hours and prices were gener-

ally lower under realizing. The close

was steady but at a net decline of 13

to 23 points were estimated at 600,000

bales. The opening was firm at an

advance of 54 points on July which

advanced from 12.70 to 13.00 on the

call with 5 and 10 points between

transactions, but the rest of the list

was only 5 to 10 points higher in re-

sponse to high cables and it looked

as though some of the leading bulls

were marking up July on a compara-

tively few purchases in order to make

a selling basis for the later months.

At any rate realizing was tremen-

dously heavy right after the call and

the market worked steadily lower dur-

ing the day with the low point just

before the close. After the big ad-

vance in July that month sold off to

12.35; rallied again to 12.60, but closed

at 12.30 bid, showing the absence of

any general interest. The close on

later months was within 2 to 4 points

of the lowest. Fresh buying for long

account was probably checked to some

extent by the violence of the advance

immediately following the July bu-

reau report of yesterday and there was

also disposition to postpone fresh ven-

tures until after the holiday, during

which the English market is open.

Reports that the dry, hot spell in Tex-

as has been broken by beneficial rains

had some influence during the session,

but it was not believed that there was

any selling of consequence for short

accounts and operations as a whole

were considered chiefly evening up of

the outstanding interest.

Receipts at the ports today, 1,168

bales against 3,551 last week and 2,069

last year. For the week 20,000

bales against 23,532 last week and 28,699

last year. Today's receipts at New

Orleans 553 bales against 1,283 last

year and at Houston 793 bales against

131 last year.

STILL ATTACKING ORCHARD'S STORY

Haywood's Lawyers Made Considerable Breach in it Yesterday at Boise.

PINKERTON'S WERE BRUTAL

They Advised Violence, Prolonged Strike, Persecuted Women and Union Miners Were Abused. Orchard Contradicted.

(By Wire to the Morning Star.) Boise, Idaho, July 3.—At the adjournment today of the trial of the William D. Haywood for the murder of Governor Steunenberg, the prosecution served notice of its intention to submit a series of motions to strike out evidence of the defense unless the connecting testimony that has been promised is forthcoming. Clarence Darrow, for the defense had previously announced that his side might be able to rest by Saturday evening, although it might be necessary to let the calling of Haywood and Moyer go over until Monday; and, following an informal conference with counsel, Judge Wood directed the prosecution to be ready on Monday with its case in rebuttal. James H. Hay, senior counsel for the State, said in reply that it was the intention of the State to present a series of motions dealing with evidence presented by the defense. Attorneys Darrow and Richardson were on their feet instantly today, together, saying that the defense also would have some motions to make, so that at the end of this week or the early part of next, the taking of testimony will probably be interrupted for an extended argument on the admissibility of a mass of evidence already in the record.

The defense operated today along nearly all of its lines. There were attacks on Orchard's testimony at several points; there was a showing that union miners had been abused by mine owners and militia at Cripple Creek and Telluride; there was a showing that Pinkerton agents had advised violence and endeavored to prolong a strike; a woman who served with the relief committee that looked after the families of the deported miners at Cripple Creek, swore that she has been twice arrested and twice warned that if she persisted in the work she would be deported, and another woman placed Orchard with Detectives Scott and Sterling the night of the second attempt to wreck the Florence and Cripple Creek Railway train.

Two of the witnesses were men who figured conspicuously in the testimony of Orchard. They were David Coates, formerly Lieutenant Governor of Colorado, and Patrick Moran, formerly a saloon keeper at Cheyenne. Coates positively denied Orchard's version of the plot to kidnap the children of August Paulson, and Moran denied that he made a trip from Cheyenne to Denver to get \$500 from George A. Pettibone for Orchard.

SALE OF WINE WAS ILLEGAL.

Property Worth Millions Sold for Only \$500,000.

(By Wire to the Morning Star.) New York, July 3.—Justice Amend, in a special of the Supreme Court, has decided that William A. Treadwell is entitled to an accounting in the sale of the United Verde Copper Company, which is controlled by former Senator W. A. Clark, of Montana. The sale of the United Verde Copper Company, a New York organization, for the purpose of reorganization under the laws of West Virginia, has been declared illegal by the appellate division of the Supreme Court.

Justice Amend in his decision states that the evidence shows that Mr. Treadwell owned 73 shares of the capital stock of the United Verde Copper Company, which owned a very valuable mine at Jerome, Arizona, and was practically controlled by the defendant, W. A. Clark. Senator Clark determined to reorganize the company by dissolving the New York corporation under the laws of West Virginia. The reorganization was opposed by Mr. Treadwell, but the property was sold in 1899 to James A. McDonald, vice president of the company, for \$500,000. Mr. McDonald acting on behalf of the corporation, organized a new company under the laws of West Virginia and transferred the property to it. Justice Amend states that it is conceded that the property is worth many times the amount bid (\$500,000) and that the appellate division held that the sale was illegal.

MISTRIAL IN COTTON LEAK.

Mrs. Holmes Shed Tears On Account of Her Husband.

(By Wire to the Morning Star.) Washington, July 3.—After being out for almost 26 hours the jury in the trial of former Associate Statistician E. S. Holmes, Jr., of the Department of Agriculture on the charge on conspiring to defraud the government by giving out the government's crop information, was today at 4:45 P. M., discharged from the further consideration of the case. The jury was summoned to the criminal court room at that hour by Judge Stafford, who after ascertaining that they had been unable to reach an agreement, dismissed them. Earlier in the day the jury had made a visit to the court room in quest of further instructions on the subject of conspiracy. Mrs. Holmes was present with her husband when the result of the jury's deliberations was reported and shed tears over his failure to secure acquittal.

BANDIT RAISULI AT OLD TRICKS

Has Captured British Subject and Holds Him For Big Ransom.

CHIEF DEMANDS \$200,000

Gen. MacLean is His Prisoner and He Walked Into Trap Set By Treacherous Bandit—England May Take Hand.

(By Wire to the Morning Star.) Tangier, July 3.—Caide General Sir Harry MacLean, commander of the Sultan's bodyguard and next to the Sultan the most influential man in Morocco, has been captured by Raisuli, the bandit chief. Raisuli has announced that he will hold the general prisoner until the Sultan grants the terms which he, Raisuli, demands for his own pardon and MacLean's release. General MacLean is now at Elkmess, in the heart of a wild mountain district, three days march from Tangier. He is being well treated and has been allowed to write to the British Minister and send for his baggage.

The capture of the general was planned carefully. He went out to the rendezvous with Raisuli against the advice of his companions. The incident is being discussed with deep interest in diplomatic circles here and the action of the British authorities is awaited with considerable anxiety, as it is recognized that the affair may entail the gravest consequences.

For some time past General MacLean, acting in behalf of the Sultan, has been trying to persuade Raisuli to resume a peaceful mode of life, and the bandit leader apparently had shown his willingness to meet the wishes of the Moroccan authorities, with the result that General MacLean was entrusted with the task of taking some presents from the Sultan to Raisuli, in the hope of finally persuading him to come to terms. These gifts consisted of horses and tents, and to escort them to his stronghold Raisuli sent fifteen of his banditti to the general to act as a bodyguard. Accompanied by these men, General MacLean journeyed toward Rouina, where he was to meet Raisuli. But on arriving there the general was informed that he was a prisoner.

Raisuli says he will hold General MacLean until he is granted the following terms for his surrender:

First—The reconstruction of his house at Zinat.

Second—The payment of an indemnity of 100,000 duros (about \$200,000).

Third—His reappointment as governor of Tangier and of Fahs and his appointment as commandant of police.

BAD HEAD ON COLLISION.

One Man Fatally Injured and Twenty or More Hurt.

(By Wire to the Morning Star.) Washington, July 3.—A mistake in signals today resulted in a head on collision near Alexandria county (Va.) court house, three and one-half miles from Washington, on the single track line of the Washington, Arlington and Falls Church Trolley Railway, between a passenger car crowded with government employees and two flat cars loaded with steel rails and pushed by a motor. William Mock, motorman on the passenger car, was so badly injured that he is not expected to live, and more than 20 others were more or less seriously injured. It is believed two or three may die. Nearly all of the passengers were employed in Washington and are residents of Virginia suburban towns. The wrecked car was about forty minutes late. It followed a special car, also bound for Washington, and when this latter car passed the switch near the courthouse, the work train, which was stationed there, pulled out on the main track and started up grade toward Falls Church. The regular passenger car was coming down grade toward the switch at about 45 miles an hour. Motorman Mock, it is said, made a desperate effort to stop his car, but the brakes had no effect on the grade and the car crashed into the train of rails under full speed.

JAPANESE SUE FOR DAMAGES.

Demand \$2,575 From City of San Francisco.

(By Wire to the Morning Star.) San Francisco, July 3.—Suit against the city and county of San Francisco was filed this afternoon in the Superior Court for the recovery of \$2,575 for damages said to have been sustained by the proprietor of the Horse-shoe Restaurant and a Japanese bath house at Eighth and Folsom streets on May 23, when a row caused by an attack by labor union men on two non-union men who were eating in the restaurant, resulted in the fronts of the two places being smashed by stones and clubs. The suit was brought in the name of J. Timoto, proprietor of the bath house.

DOUBLE MURDER IN WILSON.

Negro Kills Wife and Brother—Jealous Cause.

Wilson, N. C., July 3.—After committing a double murder last night Radford Dew, a negro, of this county, kissed his children goodbye, told a neighbor to take charge of his farm and sell his mule and started to leave the country. Upon second thought he came to this city and surrendered. He is now in jail, the coroner's jury having found that both killings were felonious.

Dew killed his wife with a shotgun and pistol, inflicting six wounds. He then walked a mile to the residence of Amos Dew, his brother, and shot him dead with the gun. Jealousy is the motive assigned.

MARSHALS FOUND MR. ROCKEFELLER

Oil Magnate Was Quietly Sitting on Piazza of Son-in-Law's Farmhouse.

HE WAS IN BEST OF HUMOR

Shook Hands With Officer and Accepted Service With Smile—Ridiculed Newspaper Stories That He Has Dodged Service.

(By Wire to the Morning Star.) Pittsfield, Mass., July 3.—After a search lasting nearly two weeks, in which officers of the United States marshals of Chicago, Cleveland, New York and Boston, have been endeavoring to serve upon John D. Rockefeller, president of the Standard Oil Company, a subpoena issued by Judge Landis, of the Federal Court of Chicago, Mr. Rockefeller was located in this city today and personal service made upon him by Deputy United States Marshal Charles L. Frink, of North Adams. Mr. Rockefeller explained that he had not been endeavoring to dodge service, but that he did not know exactly what was wanted of him.

Early in the day Deputy Marshals Frink and James Ruhl, the latter of the Boston office, visited Taconic farm, but E. Parmelee Prentice told them that his father-in-law was not there. The officers professed to be satisfied with the statement and departed.

Deputy Ruhl boarded the train for Boston and Deputy Frink went to his home in North Adams, about 25 miles from this city. Later Deputy Frink decided to pay another visit to the farm and he returned to Pittsfield and drove out there in the afternoon. He proceeded through the wooded driveway into the open space in front of the house and recognized Mr. Rockefeller sitting on the piazza. The deputy pushed the subpoena on the oil man, explaining that Mr. Rockefeller's presence in the Federal Court at Chicago on July 6, was demanded.

Mr. Rockefeller accepted service with a smile, shook hands with the deputy and expressed pleasure at meeting him. He invited the officer to sit on the piazza and rest, which invitation was accepted. Mr. Rockefeller chatted for a few minutes, saying that he had not intended to evade the officers, but that he did not know exactly what was desired of him. He referred to the newspaper stories that have been printed about him recently and ridiculed the idea that he had been surrounded by armed guards or that the Taconic farm estate had been equipped with a searchlight.

As the officer was leaving the house, Mr. Rockefeller again shook hands with him, said he was glad to have met him and added:

"If you are ever near my home I hope you will come and call on me." It is thought that Mr. Rockefeller was advised after the morning call of the officers that he had better accept service.

It is generally believed that Mr. Rockefeller has been at Taconic farm since last Thursday. In reply to questions regarding Mr. Rockefeller's presence at Taconic farm, Mr. Prentice on Saturday said that Mr. Rockefeller was not there and offered a reward of \$50,000 to any one who could prove that his father-in-law was in Pittsfield.

The Federal Court in Chicago desires Mr. Rockefeller's presence so that he can be interrogated regarding the affairs of the Standard Oil Company of Indiana, against which proceedings have been instituted by the authorities.

JAPAN WOULD ATTACK US.

Germans Think We Had Better Stay Out of Pacific.

(By Cable to the Morning Star.) Berlin, July 3.—The reports of denials regarding American naval movements are printed conspicuously and commented upon by the newspapers here as indicating the tenseness of the relations between the United States and Japan. Such a demonstration as the dispatch of the American fleet, or the greater part of it, to the Pacific would, according to some of the German critics, result in Japan's attacking any American vessels caught in the Pacific, without waiting for the concentration of the American warships.

The Japanese officers who recently visited Germany with Admiral Yamamoto and those attached to The Hague delegation to the peace conference, who spent some weeks in Germany, placed no orders with German ammunition or small arm factories. They were on the lookout for new machine guns, but did not find any as far as can be learned. They placed an order for some twelve-inch naval guns with the Krupp, but the number ordered is not known. These guns take nine months to build.

This is a Safe Clothing Store

First, because every garment is made of the choicest fabrics in their respective grade.

Next, because prices are always safely lowest.

Last, and most satisfactory, because you can return the goods and get the money back, whether it's the fit, fabric, the color or anything else that induces you to change your mind.

And wonderfully few pieces of clothing come back to us. Perhaps it's because the clothes are so good, the styles so excellent, the fit so carefully formed, and the prices so pleasantly little.

Try Our \$15, 18 or 20

Suits

By them you may judge this store. We never before sold such good clothing at those prices, nor have we ever shown such great variety. Choice of checks, plaids and stripes, in cassimeres, chevots, valours and worsteds, besides blues and black. Yes, we guarantee every garment just as good in all respects as though you had it made especially to your order, as good as though you paid half as much again. The clothing of no other store comes so near to custom work.
